

Transport Line Manager - Corby

An exciting career opportunity has arisen for the position of Transport Line Manager to join our Transport team based in Corby.

The primary function of the role is to lead the execution of the transport plan for the Corby operation as well as the management of all “in day” transport issues including dispatch, debrief and work in progress.

Key Tasks & Accountabilities

In Day operations:

- Provide leadership of transport operations functions
- Manage performance in the day to minimise variation to the plan and planned flash
- Managing success dispatch, work in progress and debrief through the team across 24/7 rota patterns
- Manage OTD to the provided transport plan across multiple customer SLAs
- Use technology to manage processes

Driver Management:

- Provide regular and successful driver communication to engage and get feedback from the driver population
- Manage driver performance and reward strong performance through debrief and 1 to 1 processes by using the provided MI on MPG, Tacho compliance and driver information
- Lead compliance on incident investigation and resolution
- Manage and provide appropriate levels of yard cover (shunters)

To be considered you must have the following skills, experience and attributes

- Excellent Leadership skills
- Excellent Influencing skills
- A high Achievement Drive
- The ability to direct and drive change
- The ability to Create a dynamic and high performance work place environment
- The ability to develop others through coaching interventions
- Up to date knowledge of legislation
- Excellent knowledge of Microsoft office
- Significant functional experience in a similar role is preferable
- A holder of Certificate of Professional Competence in national road haulage operations is preferable
